MICROWAVE **CLEAN-UP**

- **Cover your food with a paper plate or paper towel before placing it in the microwave.**
- **Clean up if food splatters or leaves other remnants behind:**

1. Pre-clean heavily soiled areas, removing trash and debris.
2. Apply GE Fight Bac RTU to hard, non-porous surfaces using spray trigger sprayer (course spray) 6-8 inches from surface. Do not breathe spray.
3. Treated surfaces must remain wet for 5 minutes.
4. Allow to air dry or wipe surface with a clean cloth or towel.

PLEASE DO YOUR PART TO KEEP THIS AREA PRISTINE.
