BETCO®

CLEANCORE

WORK AREA-OFFICE

Please **disinfect your workspace** once daily:

1. Pre-clean heavily soiled areas, removing trash and debris.
2. Apply GE Fight Bac™ RTU.

- For **hard, non-porous surfaces** (desk, chair, fixtures): Use trigger sprayer (course spray) 6-8 inches from surface. Do not breathe spray.
- For **sensitive electronic devices** (computer, keyboard, mouse, phone): Wipe with cloth pre-moistened with GE Fight Bac RTU—do NOT spray directly with trigger sprayer.

3. Treated surfaces must remain wet for 5 minutes.
4. Allow to air dry or wipe surface with a clean cloth or towel.

Note: For **computer screens**, apply Clear Image with a lint-free, pre-moistened paper towel. Wipe with a lint-free, dry paper towel until clean and dry.

Please **empty your trash and recycling bins** as needed:

- Seal the contents of your trash bin in the liner and take to a designated area, then replace your liner.

Note: Do not dispose of food items in your desk trash bin or any office trash bin.

Designated TRASH areas:

Take your recycle bin contents to a designated area. No liner is required to dispose of these items.

Designated RECYCLE areas:
